The Institute, as drafted at Ootacamund, is full of inconsistency and contradiction. It throws on the Mysore Government a great deal more burden than an ordinary Linant is expected to bear - ~~other~~ less a Linant who enters into an engagement for such a long period as five years and pays the whole of the rent due for that period in advance. It has to be revised in many following:-

Let me write rather fully  
about this state of mine which I  
had the pleasure to show you today,  
and which, as you are aware I am  
anxious to sell.

After due consideration I am  
unable to determine to let the house  
on a long lease, as I wish to sever  
my connection entirely from the place,  
for reasons which it is not necessary  
to detail.

There are 45 acres of land and a  
large house (I enclose a description  
of the property). I am fencing off about  
10 acres round the house, which is,  
in my opinion, amply sufficient.

for the pleasure ground.. I have  
twice asked skilled men what the  
house alone is worth, and both of  
them have told me that it, together  
with the offices, could not now be built  
for less than Rs. 35000.. I value the  
land around the house at Rs. 2000  
an acre, not an excessive estimate  
than it is remembered that sites  
lying between St. Stephens' Church  
and Mr. Miss' house — sites on the  
steep side of a hill, and above the  
water supply — have recently been  
sold for Rs. 4000 an acre, and  
that Doctor Browning has paid a  
like sum for a site above "Stamant."

Then for this house, its fixtures, and 10 acres of land I think I should receive Rs. 55000; and the furniture may be had at a valuation, or sold by auction; or I will accept Rs. 5000 for it, including a grand piano, glass, crockery, lamps, &c. I will, of course, have the land accurately measured, and the area which may be somewhat more or less than 10 acres, shall be rated at Rs. 2000 an acre.

I should prefer, however, to sell the whole estate - 45 acres - with the house, and I am prepared to sell the remaining 35 acres for Rs. 30000 if they are taken into the house.

Thus I offer you the house and 10 acres of land for Rs. 55000, or

the house and 45 acres for Rs. 85000;  
and as house property has increased,  
and must still increase, yearly  
in value, I do not think this valuation  
of my property is excessive. It would  
be a good piece for it, but not an  
exorbitant one.

I may add that a few <sup>months</sup> ~~years~~ ago I  
offered the estate to the Nilgiri Railway  
Company for a lakh of rupees; but  
the company has not yet, I understand,  
come to any definite conclusion about  
a railway station at Ottumund.  
I have thought it advisable in the  
first instance to write to you about  
this matter, but I will gladly call  
on you to-day, at any hour you may  
name, if you wish to verbally discuss  
it with me. I am your very true /

## FOR SALE AT OOTACAMUND.

(Or might be let, fully furnished, for a short period.)

The estate known as Caerlaverock. The house, situated on the summit of gently rising ground, and surrounded by 45 acres of land, is approached by a beautiful carriage drive, 500 yards in length, and commands lovely views both of the lake and the downs. It contains a fine entrance hall (leading to a passage 78 feet long), 4 large sitting rooms, 6 bedrooms, 2 dressing rooms, and 7 bath rooms, all of which except the dressing and bath rooms have excellent teak-wood floors, and are fitted with electric bells. The house is in perfect repair, a large sum of money having been spent on it last year. It is within a few minutes walk of the boat house, golf links, and kennels, and a little over a mile from church and post office. All the out offices, &c., are in perfect order, and comprise a newly built large kitchen, good stabling for six horses, large coach house, harness room, fowl run, straw godown, pucca built house for 8 cows, and very superior accommodation for servants.

The garden, in which are two tennis courts, is well laid out. The greater portion of the land, of which several acres are planted with Cinchona and Eucalyptus trees, might be sold off for building purposes without interfering in the least with the amenities of the residence; and there are several excellent building sites on the property. It may be confidently asserted that when the Nilgiri railway, which is now under construction, is completed, the value of land in Ootacamund will be largely increased.

Caerlaverock is undoubtedly the most charmingly positioned house in Ootacamund, and one of the largest and best of the private residences in this lovely sanitarium.

For further particulars apply to the owner,

MAJOR-GENERAL J. A. TILLARD.

My dear Sir,

Many thanks for your very full letter regarding Caerlaverock.

After giving the subject my best consideration, I think it undesirable for my state to acquire by purchase so valuable a property, so far from Fern Hill where we have already some 100 acres.

My immediate requirement, as I explained yesterday, is for a suitable residence for the Mysore Resident for the next five years. Should you hereafter think of letting your house on lease, may I ask you to be so good as to give me the

first refusal of the lease.

but leave the greater portion in the house, and that having acquired this property for Rs 55,000 now, you would almost certainly be able to command Rs 75,000 for it five years hence, and thus you would house the Residents for that period for nothing; or you might of course make it an absolutely private residence by erecting some such fence round it as that which you termed my "ideal fence" the other day - I am to

Bangalore

7<sup>th</sup> June 1897.

My dear Colonel Robertson,

On receipt of your letter of the 2<sup>d</sup> regarding Mr Fraser's visit to you regarding Bishop Down, I wired you asking you to kindly to secure Woodcock, General Tallard's or other suitable house on rent for five years or for one.

Since then I have received a letter from General Tillard in which he says - (in reply to my note asking for the first refusal of a lease, should he make up his mind to let his house) - that he would not desire to give a long lease; but he adds, if he could not sell the house, he would probably let it out for next season and afterwards return to live in Ootacamund. He still

wishes to sell and would add the furniture (some Rs 5000 worth) to the House and 10 acres. For the whole (i.e. House and 10 acres) minus 35 acres, he wants Rs 55,000 and for the 35 acres Rs 85,000. I doubt the expediency of the Durbar purchasing this property, because it is very difficult and costly to maintain House property at Kotacamund and this property owing to its distance from Fernhill would require a separate

establishment. I enclose General Tillard's last letter.

If you don't come across a better house it may be wise to secure General Tillard's for the next season, and in that way, we shall have more time to think of the permanent arrangement required.

After what you say about Bishop Down I quite give up all idea of buying any part of that property. Its proximity to Fernhill

I am replying to General  
Tillaard's letter explaining my diffi-  
culty as regards purchasing and  
asking him to give you intimation  
should he desire to rent his house  
for the next season. Thus I leave  
you quite free to decide after know-  
ing what other properties are

I Confess

I confess that, should General  
Tilland give the whole 45 acres and

the low price would perhaps tempt  
me to buy, that is, if you don't

of 1897.)

The proposal is that Messrs. rent

or earlier if desired

January 1898 - for a lump sum of 15000/-

this sum to be paid in advance (to

enable Govt. to buy off the mortgage)

Messrs. agreeing to keep the house in

repair & also to maintain the garden -

the House is in good repair now; & the

grounds generally are in excellent condition.

alternatively . But T. T. T. agrees to

let the house on the same terms & conditions

as mentioned for 15000/- giving the

under the option of purchasing the

property at the present valuation -

It seems true that the former arrangement

is preferable - the House is well furnished

& would be a delightful residence - at  
or 15000/- p. 5 years -

3000/- per annum if it is cheap - then

are you aware the additional obligations  
of keeping up the garden & doing repairs  
but for 2 or 3 years at any rate the repairs  
should be merely nominal.

My dear Col. Robertson,

I enclose herein a copy of the Draft lease of "Caerlaverock" as altered by me in red ink. I hope General Tillaud will be able to accept these alterations which only eliminate unusual conditions. I generally explained to you yesterday my reasons for these alterations. In a transaction of this kind with a large State which employs a competent Public Works Staff to look after its houses con-  
-ditions

such as those in the draft prepared by General Tilloard's Lawyer are really unnecessary for the protection of the Lessor. May I ask you kindly to explain the matter to General Tilloard -

I have no objection to enter a provision for reference to arbitration all matters of difference between the Lessor and Lessee. Such a provision if thought necessary will have to be carefully drafted. It will be a long one and I trust we may be able to avoid it on this ground -

Yours sincerely

7<sup>th</sup> September 1891.

Wm. Robertson

My dear Robertson.

I received yesterday your letter of the 2<sup>d</sup> inst, <sup>with</sup> which you enclosed my draft lease, and also a copy of it, made by the Dewan and amended by him. I have considered the proposed alterations, and now have to say that, with every desire to meet the wishes of the Dewan as far as possible, I am quite unable to accept some of them.

By far the most important alteration is that proposed to Clause 4. The Dewan desires to have the power to sub-let. But he must remember that I did not

agree to let the property to the  
Mysore State unconditionally,  
but for a specific and, as I  
believed, a well understood ob-  
-ject, viz as a residence for the  
British Resident with the Govt  
of Mysore. The Dewan informed  
me in his letter of 30<sup>th</sup> May that  
his "immediate requirement is  
for a suitable residence for the  
Mysore Resident for the next five  
years" and that there might be  
no doubt about the matter. I sub-  
-sequently referred to you, and  
you replied, on the 8<sup>th</sup> June "Of  
course Carlaveroch is only for the  
Resident, "and no one else". Had  
this not been a clear and definite  
understanding I should not have

entertained the idea of letting the house on a long lease. It will be in the recollection of both the Dewan and yourself that I frequently stated my objection to so doing, as I should be thereby precluded from selling the property during that period; but I was pleased with the idea that such good friends as yourselves would occupy and care for my house during my absence. There ~~should~~ have been no mention of under-letting <sup>in</sup> the lease: Clause 4 should have ended with the words 'The Resident for the time being of Bangalore'. The addition to it were made by my direction as I wished the provisions of the clause to be as elastic as possible.

so that the State might ask  
my consent to let ~~the house~~ <sup>the house</sup> be ac-  
-cupied by others in the event of  
its not being required at any  
time for the Resident. The Dewan  
remarks "supposing we wish to  
underlet and the lessor ob-  
-jects will he be prepared to  
cancel the lease ~~yes~~?" - This  
question is answered by what  
I have already written. I said  
I would let the house for the use  
of the Resident, and therefore no  
~~the~~ question of sub-letting comes  
in. I certainly would not  
have agreed to accept a com-  
-paratively low rent under  
other conditions. The house is  
worth Rs 300/- a month and  
quite possibly I might get Rs 1000/-

a month for it, a rent which has been paid both here and Coonoor for houses much inferior to Carlawrock by the Gaekwar of Baroda and others.

I hope I have made it clear why I cannot agree to the alterations proposed to Clause 4 which must stand ~~at~~ as it is, or if the State wish for absolute control over the property the rent must be double.

I cannot assent to the alterations proposed to Clause 2. I agree (in Clause 8) to make over the house see in a state of thorough repair; and,

if you have the letter I wrote  
to you on the 10<sup>th</sup> June, you will  
see I stipulated that the Mysore  
state should make over the  
house and property at the  
expiration of the lease in as  
good order and repair as they  
will be at the commencement  
of it. You wrote on the 13<sup>th</sup> June  
"The Dewan wires, accepting  
the terms proposed for the 5 yrs  
lease of Carlaveroack at Rs 15,000  
to be paid in advance the other  
conditions also holding". I have  
amended Cl. 2 in the original  
draft as I think it should stand.

The Dewan marginally  
remarks in the amended lease

that he would like to see  
the list of furniture "before  
hand". I will have it made  
out as soon as I hear ~~that~~<sup>that</sup>  
the terms of the lease are  
accepted.

I agree with the amend-  
ments to Clause 5; and Cl. 6  
may be omitted.

I am informed that  
it is customary for the lessee  
to pay all costs of the lease:  
but I will not press this point  
(see clause 7).

The land enclosed by  
the fencing has been measured.  
The area is about 10.05 acres.  
I have attached a plan of the  
estate to the original draft lease.

I return in a separate

cover the two draft leases,  
the original amended as I  
now propose it to read.

I must ask please  
for a very early reply to  
this letter as it is important  
to me for reasons which I  
have already communicated  
to you that this matter should  
be settled one way or ~~the other~~ <sup>another</sup>  
at once.

I am  
Yours Sincerely  
S/ J. A. Villard

My dear Mr Robertson,

I return herewith the lease

as revised by General Tillard.

As I wired, the Durbar will accept this lease as there is likely to be some delay in arranging about Drummere. Under the circumstances I must give up all idea of renting or buying Drummere & stick to General Tillard's house.

I am feeling a little better, but the improvement is very slow indeed.

Yours Sincerely

Ootacamund  
4<sup>th</sup> November 1897

My dear Sir Sheshadri Iyer,

I received yesterday your letter of 2<sup>nd</sup> inst., and a copy of the official order of the Mysore Govt. regarding the Turlavrock lease, which you were good enough to forward me.

I only yesterday morning received the indenture from Mr. Winsterton, my solicitor, and I am sending it by you today by book post, requesting, for your approval and signature.

I should call your attention to the fact that there is an addition to the draft previously submitted to you, by Mr. I propose to lease to you, jointly, all the lands appertaining to

the estate (see 2<sup>nd</sup> page of Indenture).  
My motive for this is that the only  
Municipal Council having heard  
a memorial that I had leased my  
house to the ~~Myers~~ <sup>Leys</sup> discussed the  
matter in Council some 2 or more  
months ago, when it was stated that I  
had leased the property, mentioned the  
sum I had received, & decided to  
demand from me a statement of what  
land was lot with the house. The London  
Municipal Act lays down that "lands,  
& & not appurtenant of any building  
& & are subject to a tax at any annual  
rate not exceeding four annas for  
every 80 square yards thereof", and  
the Municipality desire to impose  
this tax on me. It is a comparatively

small matter, and I'd not have troubled  
about it, had I not been much annoyed  
by the Council having publicly & most  
unwarrantably discussed my private  
affairs - and as I want to talk them  
over, having told you all this, I have  
only to add that, of course, if you <sup>so</sup> desire  
it, I will have the additions erased.

The schedule of furniture &c. is  
necessarily incomplete. For instance  
I intend to leave garden tools, mowing  
machine, &c, but some of them may  
be broken before the end of the year, and  
I do not want to be obliged to replace  
them. And again I have not entered  
the number of the pictures on the  
walls, the ornaments of 18th, &c. - my  
daughter, Mrs. Robinson, is coming to  
Oct next year, and very likely she  
w<sup>d</sup> wish to have some of the pictures,

the other letters for instance). - All I can  
say is that all the articles enumerated  
in the schedule will be left in the house,  
and that there will most likely be  
additions to them. I sh<sup>d</sup>. not have drawn up  
the inventory had you not expressed a  
wish to see it.

Mr. Vickerston tells me that the ~~Indenture~~  
registration of the Indenture may be  
delayed for months after it is signed,  
and proposes that you sh<sup>d</sup>. now sign  
it, & that the Schedule sh<sup>d</sup>. be completed  
by the end of December & then registered.  
Please say if you agree to this.

I am yours sincerely

J. A. Tillard . -

Will you fill in the date on the first  
page of the Indenture? ~~me~~

My dear Mr Krishna Rao

I enclose Coertances in accordance with orders given in Govt. Proceedings No. 20-38 of the 1<sup>st</sup> Div. on Friday last, but which only point out to General Vittan repairs required to the bungalows and outhouses, as I have not the schedules No. 1 & 2 referred to in the instructions of leave. General Vittan says that he has sent both these schedules to the Division, and I shall feel much obliged if you will kindly have the same forwarded to me at an early date, as copy of schedules <sup>has</sup> not been retained here.

The bungalows and outhouses are in

be taken from the whole of the present, provided it is  
given back in the future maintaining the balance more or less  
perfectly that the progress of the world is improved, by maintaining  
of only the portion of present existence by the present power.  
I cannot allow that I am not of the present power. But  
I think more the substance which the present power is  
taken from for just and I shall be able to give it  
before you are able to do that. I repeat in my heart that I will  
the price which I have paid is much more than I have paid for  
it. I have nothing but the of which is paid well again.  
and without making a thing in the present power that I have  
hardly done and more money than I have to give that I have  
the other long existence of being the bettering of my world.  
I have more

every fair value, and the repairs  
required are trifling - in two of the  
rooms some carpets are wanted, and  
General Pittman has promised to  
supply the same -

The grounds are very extensive  
and have been inclosed by a timber  
wire fence - the portion between the  
entrance gate and main plot ~~of~~  
~~from~~ this out as building site, &  
some additional ground, has been  
enclosed by an iron fence -

General Pittman wishes the whole  
of the grounds to be taken over, but  
doubts that maintenance of only the  
portion enclosed by the iron fence  
will be equivalent of the highest land,  
and I shall feel obliged if you will  
please refer this matter to the Museum,  
and let me have his orders with  
regard to the same -

I think it would be advisable

General Secretary  
to the Govt of Mysore

Sir,

With reference to Proceedings of the Government of Mysore, Order No. 5540-41/1113 dated 15<sup>th</sup> Novr/97, regarding lease of Caerlan rock at Dobacannond, and in continuation of my it: 138 of the 20<sup>th</sup> ultimo, I have the honor to forward copy of letter dated 13<sup>th</sup> Inst<sup>l</sup> received from Major General Sillard, and with reference thereto beg to be informed whether it is absolutely necessary on legal grounds that the Caerlan rock property should be taken over on the first proximo.

2. I inspected the bungalow this morning and quite agree with General Sillard that the painting and repairs now in hand cannot be completed by the end of this month, and would recommend that he should be allowed to occupy the bungalow until he has thoroughly completed the repairs to it and improvements of grounds which he has put in hand which will probably be about the middle of January, provided this can be permitted without any infringement

infringement of indenture of lease.

3/. Major General Pittard now employs 1 head gardener on Rs 10 per month and three under gardeners on Rs 9.8.7. he has kindly promised to allow one of his servants, whom he strongly recommends, to remain as care taken for a few months, until the Resident occupies the building, where he requests other arrangements may be made.

4/. The garden is a large one, and the grounds rather extensive, and to maintain the same in the present order at least three gardeners are required, with a few coolies occasionally to assist in repairs of roads &c. - this total monthly cost of establishment would be Rs 43, as per details in margin, and I beg that sanction to entertainment of the same from the date in which the property is taken over may be granted.

13<sup>th</sup> Decr. 1997-

Dear Mr. Scaldwell.

I am afraid I shall not be ready to hand over the house on the 1<sup>st</sup> proximo. The work people are doing the work very slowly and atrociously badly. and I think the Drawing room will want another coat of paint. It has occurred to me that the Durbar will not object to my remaining in the house for a while longer. I should be a better care taken than others, and I shall be able to see the work that is being done. of course I can get ready in a way by the 1<sup>st</sup> prox, but I do want to carry out all I have planned before leaving the premises.

I wish you to come in some morning & see what is being done. and what has to be done. It will be satisfactory to me and I am sure you will be thoroughly satisfied. I know I have let myself in for a great deal more than I bargained for. Do not come early tomorrow (Tuesday) I have to attend Goul Wilson's funeral. Do you know when the Residents or their family intend to come up to look? I should prefer in many ways to clear away on 1<sup>st</sup> January, as I know as long as I.

I remain in the house I shall spend  
money on it-

Yours very truly

Sir,

In continuation of this

at the direction of the present Secy.

Office No. 282 of 15<sup>th</sup> December 1907 regarding  
 establishment required at Carlanerock  
 I have the honor to forward copy of  
 letter dated the 7<sup>th</sup> Instt received from  
 Major General Lillard, suggesting  
 certain modification of establish-  
 -ment during the period he occupies  
 the bungalow.

2. The establishment sanctioned by  
 Government is noted in margin  
 and in lieu of this General Lillard  
 proposes to entertain four gardeners  
 on Rs 35 per month.

3. I do not think there is any objec-  
 -tion to the suggested modification  
 of establishment, as so long as  
 General Lillard occupies Carlanerock

\* 1 care taker Rs 16 per month  
 1 Head gardener Rs 10 — — —  
 1 under gardener Rs 9 — — —  
 1 — do — Rs 8 — — —

there is certainly not any necessity  
for employment of Caretaker.

4. During January and February  
the cost of establishment as now  
proposed will be Rs 35 per month,  
and I beg that early arrangement  
may be made for remittance of  
amount.

5. I may mention here that  
Government has authorized the occu-  
pation of the bungalow by General  
Lillard until all repairs have been  
completed.

Wm. Jones,

Ver. 1. I have rec<sup>d</sup> notice from  
Saldwell that 3 gardeners will  
be allowed for Scaevola from  
his prox<sup>y</sup>. & that you have a p<sup>er</sup> of my  
moving as caretaker of the place.  
I am joyful & know that the house  
will be more or less under your  
charge & so long as you remain  
in it, he, & Robertson is Resident,  
I shall be quite happy about it.  
The pointed cannot be kept up,  
as they have been kept up, by 3  
gardeners but I don't doubt that  
number is not so the work of 2 men  
when the house is empty. I have

been glad if the 4 men now  
employed had been kept on  
till the Residents' family arrived,  
& if my head man (Cork) had  
been kept as caretaker as then.  
I<sup>d</sup> have told him that too. However,  
I dare say it is best that I<sup>d</sup> be  
fully discharged on 1<sup>st</sup> prox! - There  
is M<sup>rs</sup>. Robertson coming up? She  
will be dreadfully disappointed with  
the garden. I have spent no end of  
money on it, but can't get plants  
to grow! - However there are beds &  
lawns all laid out, & I have no  
doubt others will be more successful  
with the flowers than I have been

How about the prisoners.

No. 1 has been employed in the  
 premises for about 15 years I believe.  
 When he was formerly single handed  
 I don't know; probably he was, as  
 the place was a jungle when I bought  
 it. He had been allowed to keep  
 cows, & to cultivate about 2 acres  
 of land on his own account, and  
 I soon found that this meant that  
 all the ~~the~~ manure was taken from  
 the plot, and the cows came & grazed  
 round the house! I put a stop to  
 this - disallowed the 2 acres - and  
 have had a sulky unsatisfactory  
 servant ever since. I<sup>o</sup>? have  
 discharged him long ago, only he  
 is a man of authority in the

neighbourhood, & I probably sh<sup>d</sup>.  
not have been able to replace him...  
He may work better for the Residents  
than he has done for me, and I  
may misjudge the man, as I dislike  
him extremely. He can't look you  
in the face & one feels intuitively  
that he is not a reliable person. However  
I sh<sup>d</sup>. certainly advise his retention  
till the Robertsons arrive, and  
they will be able to determine  
his worth. No 2 is not worth \$18.  
& might be satisfactorily replaced.  
He has only been in my employ for  
a few months & was away sick  
for part of them. The 3<sup>rd</sup> is a good boy  
& I sh<sup>d</sup>. make a capital judicious if he

\* Bill of Solicitors' Cost in connection with lease

is a visit here out of a lifetime.  
No. 1. has been here for six months  
of years: I have no confidence  
whatsoever in him, & think  
he will do very little work if he is  
left under close supervision. No. 4  
is the son of No. 1, and is worth all  
the other three put together - you must  
not think ~~that~~ because the former  
wound "antennae" are clean &  
neck that therefore the pendulum are  
excellent - surely. I have to give  
them every day, & wash every hour  
of the day; and I suppose I have

had up an average 2 extra  
cables <sup>for</sup> ~~for~~ the last 18 months. I  
do not want me & charge for  
the day of the pendulum yet: it will  
be most convenient & save me  
afterwards. I am ~~surely~~ <sup>surely</sup>  
~~a <sup>very</sup> good~~ & better person  
perhaps. I will take a 8th for half of  
cost regarding lease. In the original  
I will leave there on a clause  
"I will leave with half the cost of this lease."  
We never attend this & cost of  
stealing & repairing "the lease."  
You will see what Prof. D. S. say  
& I shall be obliged if you will  
forward their letter to my care. I shall

pay keep? Distinction is there for the  
delay, but if it is customary for the  
leasee to pay the costs of the lease I think  
it is to be understood.

Many thanks for your letter giving me hints about the several Scoundrels you are leaving. <sup>in the</sup> ~~the~~ garden. The strength viz 3 males was fixed in <sup>the</sup> ~~the~~ Dewan's Office (not mine) and was understood the result of correspondence with you.

If Col: R. Says that he wants - double the number I do not think the Durbar would make any objection.

I understand your trouble with that Head Gardener. We might get a strong man out of Rudrappah. the Florist (who is an old Palace Gardener) here to take <sup>charge</sup> ~~control~~ of the lot.

Moonsawmy the butler who has given charge is poor Col: Macintyre's head servant.

I think he is a Scoundrel but he is in hopes of getting a permanent billet and is therefore on his very best behaviour.

The Robertson's are very nice people and I am sure that your property will be carefully looked after.

Sir,

In continuation of this

questing letter Muniswami nomination  
by you as Caretaker of Caerlaneroch  
might be ordered to come to Ooty  
in time to take charge of Caerlaneroch  
this day, I have the honor to intimate  
that the man has not yet turned up,  
and request he may be ordered to  
report himself here without any further  
delay-

I have requested General Willard to  
defer the handing over charge of the  
property for a few days, but am  
doubtful whether he will accede to  
this

As he has made arrangements to leave  
to day, and it would put him to  
much inconvenience to remain -  
Should General Dillard not consent to  
defer handing over charge there will  
be a great deal of trouble with regard  
to custody of the property, as relying  
on the man nominated by you  
arriving in time, I did not make  
any arrangements for a caretaker.

Sir,

I have the honor to—  
enclose letter from Major General Dillard<sup>C.B.</sup>  
of this date offering to let the Durbar  
have some lamps which belong to  
him at Caerlanerock—

The Overseer reports that he has  
only four lamps for the use of the  
Resident which is quite insufficient  
for a large dwelling house like  
Caerlanerock and I think the  
Durbar could not do better than  
purchase the three lamps mentioned  
by Major General Dillard. It is quite  
impossible that some more lamps may  
be found to be necessary, and should  
this be the case, I request authority  
may be granted for purchase  
of same

Dear Mr. Scaddell,

I have left 3 lamps  
on the side board at Juelarsrock.  
The 2 Mapolia lamps cost me Rs. 74  
in Bombay, and are practically as  
good as new, as I renewed the burners  
(ordered them from the firm I bought  
the lamps from - Dittmar & Co) a  
short time ago. The brass lamp, with  
red shade, is in perfect order.  
I think these 6? suit Mr. Robertson,  
& perhaps the Durban will buy them  
to use in the house? I am pricing, in  
Juelarsrock, the pair of  
lamps at Rs. 55, or at Rs. 30  
& brass lamp at Rs. 25. Will  
the Durban wish  
...? I may indicate

that I have left a handsome pair  
of ~~cast~~ bracket-lamps in the  
Drawingroom, as I thought it  
a pity to remove them. For these I  
shall make no charges

This is to certify that when I took over final charge of Cantonment on behalf of the Mysore Government from General Dillard C.B. on the 12<sup>th</sup> of March '98. The condition of property was as mentioned below:-

— Dwelling <sup>house</sup> rooms in thorough repair throughout, all walls of bath & dressing rooms having been recently whitewashed & tarred - the walls of the drawing room were repaired <sup>interior</sup> last month by Genl. Dillard, and paint in some places is slightly met, but, will, I think dry in time. at any rate nothing in the way of repairs can be done to it now I may state that white lead varnish has been tried without effect. The paper on wall of one of the bed rooms is slightly detached from walls in two places, but General Dillard has given a roll of wall paper for repair, the cost of which will be very trifling.

J. O.

Stables Cook Houses and Outhouses - in good order through out walls have recently been whitewashed and flooring of the principal stables was renewed last month

Kitchen - as above, with a good serviceable cooking stove, the copper boiler adjacent to it leaks a little and needs trifling repairs -

Water supply distribution in good order.  
Fencing enclosing garden and grounds attached to Bungalows in good condition. part of the fencing consists of blue gum poles planted in the ground and tied together by longitudinal battens. this fencing is in perfect condition now, but I understand blue gum is a perishable wood when exposed and in connection with this I consider it necessary to remark that there should not be any objection to the cutting off ends of poles and replanting them whenever they may be decayed.

which I hope is alright.

I think you are quite right. about curtains. It is better to leave the decorations to Mrs. Robertson.

I am sorry about the rudeness of the overseer and Munusami. I have told Mr. Sealdwell to warn them. I dislike Munusami but poor old Macintyre thought him an angel and chrs. Macintyre wanted me to make provision for the second and I gave him the appointment. If however he turns out badly (and he does not seem to have

He has had complete control of  
Macintyre's house for years and wants

I am afraid.

From Major General Lilland  
To The Supply Engineer  
Fern Hill Works

Sir, I have the honor to acknowledge the receipt of the Certificate you forwarded to me, dated 18<sup>th</sup> Inst. when you took over final charge of my property, Caerlameroch, on behalf of the Mysore Government. The certificate is satisfactory except in one point.

You say with reference to the fencing "I would remark that there should not be any objection to the cutting off ends of poles and replanting them whenever they may be decayed. This will of course reduce the height of the fence by  $\frac{1}{2}$  or at most 2 feet, but this I venture to think is immaterial as the fence is a very high one."

I cannot agree to this proposal. The fence was purposely made six feet high by me to keep —  
trespassers away — men as well as  
cattle

and it must be maintained as  
it now is in accordance with the  
terms of the lease. I shall add a note  
to this effect at the foot of your  
certificate.

I have &c  
Sri.

Yours &c servant

effect, the paper ~~on~~ walls of one of the  
bed rooms is slightly detached from  
walls in two places, but General Tilla  
has given a roll of wall paper for repairs  
the cost of which will be very trifling

Stables, Coach houses and outhouses.

In good order things  
out, walls have recently been white-  
-washed and and flooring of  
the principal stable was renewed last  
month.

Kitchen - as above, with a good service-  
-able cooking stove, the copper boiler  
adjacent to it leaks a little, and needs  
trifling repairs.

Water supply distribution - In good order.  
Fencing - enclosing gardens and  
grounds attached to bungalow. in good  
condition. part of the fencing consists  
of

of blue gum poles in the ground, and  
tied together by longitudinal battens.  
This fencing is in perfect condition now,  
but I understand blue gum is a  
perishable wood when exposed, and  
in connection with this I consider it  
necessary to remark that there  
should not be any objection to the  
cutting of ends of poles and replanting  
them whenever they may be decayed.  
This will of course reduce the height  
of the fence by  $1\frac{1}{2}$  or at almost 2 ft,  
this I venture to think is immaterial.  
In connection with fences beyond  
the inner fence and fencing around  
the same it is understood that  
maintenance of the same by the  
Mysore Government is not expected.  
Roads in approach to building,  
gardens
